GO GREEN WITH WALNUT

Go Green with Walnut**Partnering in Creating a Cleaner Environment**

Walnut encourages creating a greener environment for our community. The City is doing its part by using alternative fuel vehicles, installing solar powered lights at bus stops, and using energy efficient facilities. Even the City Council Agendas are paperless. So what are you waiting for, start clicking on the links below and you will be well on your way to making green decisions in your life!

ANNOUNCEMENTS**COMMERCIAL RECYCLING**

AB 341 required cities adopt a Mandatory Commercial Recycling program, or the equivalent, on or before July 1, 2012. Click [here](#) for more information on Walnut's new Commercial and Construction Debris Processing Program.

ONLINE BROCHURE

The City has gone green with its quarterly recreation brochure. Click [here](#) to view the new digital brochure.

COYOTES IN WALNUT

Coyotes are found throughout California and they play an important role in the ecosystem. Without coyotes, the local rodent population would increase unchecked. Understanding and knowledge is the key to coexisting with wild animals such as coyotes. Information related to wild animals is provided by the
